

ARE TO CHOOSE THE CANDIDATE

Columbus, Ohio, Is The Scene Of Big Prohibition Convention Today.

INDIANA STARTED NOMINEE BOOM

Cold Water Brethren Have Large Gathering--Rev. E. L. Eaton Offers The Opening Prayer This Morning.

[SPECIAL TO THE GAZETTE.]
Columbus, O., July 15.—The Prohibition national convention opened today in Memorial hall with more than five thousand delegates, alternates and visitors present. New York, Massachusetts, Pennsylvania and Ohio were the states most numerously represented.

Memorial hall was tastefully decorated for the occasion. In addition to a liberal display of the national colors the decorations included pictures of Frances Willard, Clinton B. Fiske, General John M. Swallow, Oliver W. Stewart, Silas C. Swallow, Neat Dow and a number of other prohibition leaders, past and present.

The initial session was given over almost wholly to the opening formalities. The gathering was called to order by Charles R. Jones, chairman of the national committee. After the opening prayer by Rev. E. L. Eaton of Illinois the delegates listened to several addresses of welcome delivered in behalf of the prohibitionists of the state of Ohio and the city of Columbus. Temporary organization was effected and the necessary committees on credentials, resolutions, etc., were appointed. A recess was then taken to give the committees an opportunity to prepare their reports.

The selection of candidates for president and vice-president is still a matter of uncertainty. Of the many names mentioned the "Wright and Artman" ticket appears to have a shade more prominence in the discussions than any of the others. Still there is no certainty as yet that these will be the nominees.

Seaborn Wright, who is mentioned for the head of the ticket, is a Georgian, and in the opinion of many of the party leaders he would make an excellent presidential candidate. That act that he holds from the south, which section of the country recently has been swept before a wave of prohibition, is advanced as an argument in his favor. The only objection to his nomination appears to be the fact that he is a democrat and has never been allied with the prohibition party in politics, though he has been a most ardent supporter of the anti-saloon movement.

Judge Samuel R. Artman, who is mentioned for second place on the ticket, is a resident of Lebanon, Ind. He came into prominence a year or so ago by handing down a decision against the constitutionality of licensing saloons. According to his decision the state of Indiana had no more right to license liquor selling than to license gambling, being dangerous to public morals and public safety. Like Seaborn Wright, Judge Artman has never been identified with the prohibition party heretofore. He was elected to office on the republican ticket.

Many of the delegates express the opinion that the party should not find it necessary to go outside the prohibition ranks to find their candidates. They point to the fact that there are still many well qualified leaders within the party, such as Samuel Dickie of Michigan, Rev. Silas C. Swallow of Pennsylvania, Oliver W. Stewart of Illinois, A. G. Wolfenbarger of Nebraska, Felix T. McWhirter of Indiana, Frederick Wheeler of California, Alfred Muller of New York, Joseph P. Tracy of Michigan, and Dr. J. H. Cramm of Texas.

Next to the candidates the make-up of the party platform is the subject most discussed today. The platform this year, it is believed, will almost certainly declare for tariff revision. Whether the labor anti-trust question will come up or will be dropped in the platform is still to be determined. There will be no back down in the prohibition plank by resigning the work of the anti-saloon league and other temperance organizations in getting local option laws passed. The platform will declare in strongest terms its heretofore for out-and-out prohibition.

Robert H. Patton of Springfield, Ill., temporary chairman, delivered an address in which he attacked the position of the republican and democratic parties on the liquor question. He cited proof to show that Abraham Lincoln was in favor of the prohibition of the liquor traffic. Following his address the roll of the states was called for the amendment of the various committees.

A decided impression was made by the speech of Temporary Chairman Patton and resulted in an almost immediate movement to make him the presidential nominee.

The Indiana delegation inaugurated the boom.

Light Engine Hit Miss Edna Wheelock at Academy Street Last Night.

Last night at six-fifty Miss Edna Wheelock was struck in the back and thrown to one side of the track at the Academy street crossing by a light engine traveling north. At the time of the accident the engine was going about four miles an hour, so that a severe shaking and a bruised elbow were the only injuries received. Although the gates were closed, Miss Wheelock stood there talking with another girl and as the engine started, stepped around on the track and was struck in the back by the pilot beam, knocking her down along side of the right rail. The engine stopped the engine immediately, got down from the cab, picked her up and set her on the steps of McGinnis's warehouse where she was able to walk home after a few minutes. Dr. Woods was called to attend to the case. Miss Wheelock claims that she did not notice the engine nor hear the bell on the engine ringing.

Local Firm Fills Orders From All Parts of the Country for the Protectors.

One of Janesville's enterprises which is thriving in spite of hard times and money scarcity is the Lightning rod business. Mr. J. D. and E. G. Owen, who make them, have plenty of orders to keep them busy and are just able to keep up with their work. They have two traveling men on the road soliciting for them and receive orders from all parts of Wisconsin, and the states of Iowa, Illinois and Minnesota as well. They are about twice as busy this year as they were last year. They have sold ten thousand feet to one of their customers in Minnesota, three thousand feet were sent to Redwood, Wis. on Saturday and Monday, and yesterday five thousand feet were made for orders that they had. A good many of their rods have been sold in this vicinity and in the neighboring counties, quite a number of them being put up in and around the town of Center.

M. E. SUNDAY SCHOOL
PICNICKED AT YOST'S

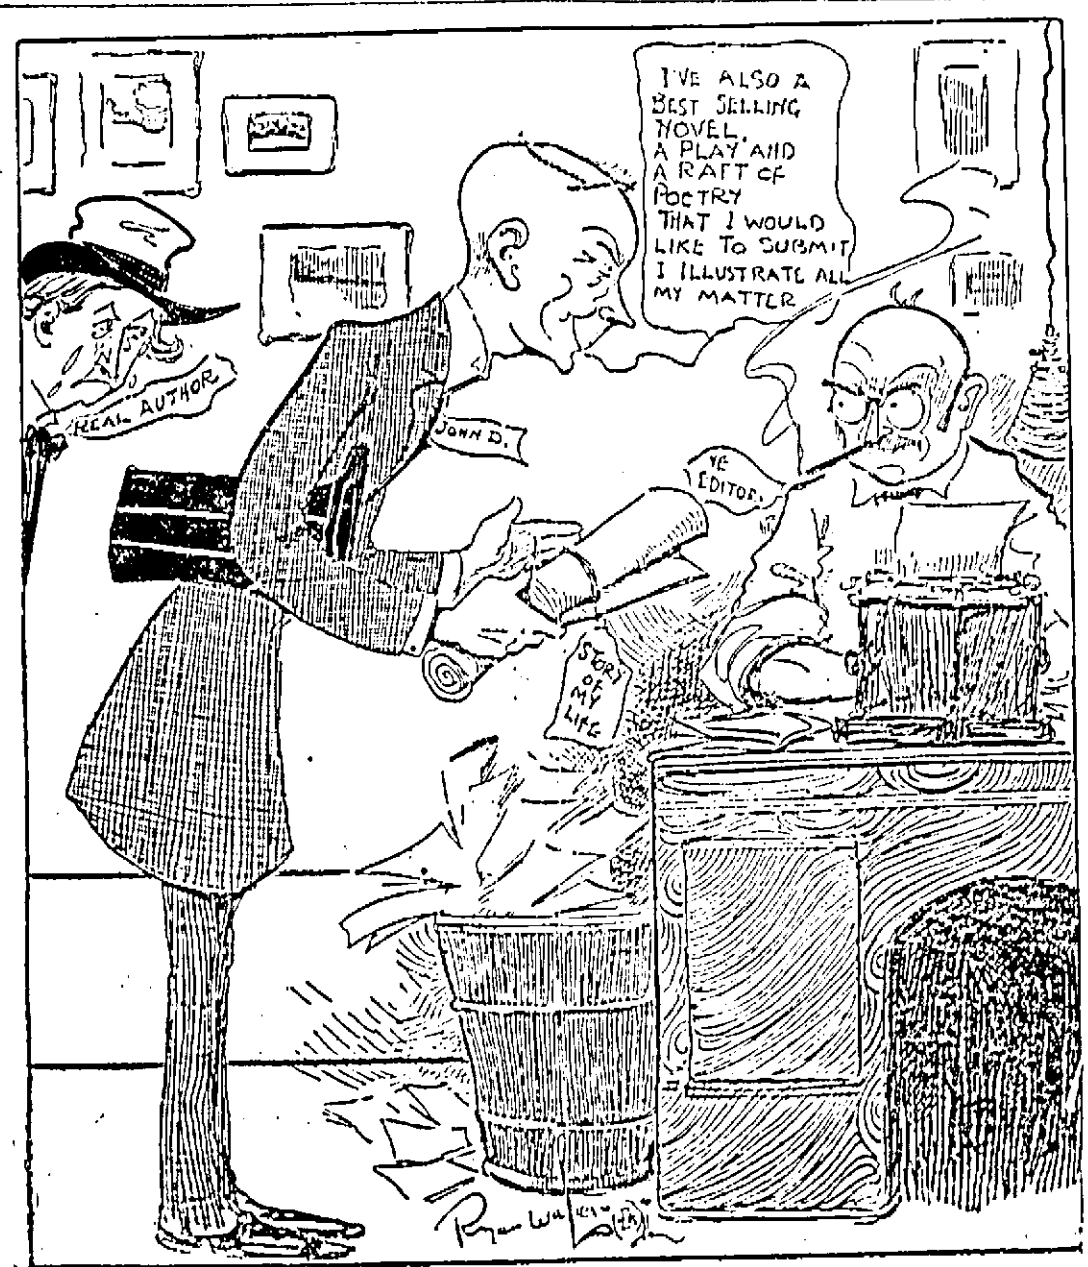

Nearly Two Hundred Enjoyed The Annual Outing Yesterday—Interurban Co. Provided "Specials."

Nearly two hundred enjoyed the annual outing of the Carroll M. E. Sunday school at Yost's park yesterday. Special cars were provided by the Interurban railroad company from early forenoon until sunset. Dinner and supper were served beneath the trees and the intervening time was devoted to boating, bathing, and games.

Christ Church Picnic: About three hundred members of Christ church and Sunday school went down to Hononohy park this morning in a three car special on the Interurban for the annual church picnic. During the day athletic sports were indulged in by those attending the picnic.

Responded to Still Alarm: Pines escaping from the Garfield school, where the disinfecting apparatus was at work, alarmed some of the neighbors about two o'clock this afternoon and when the janitor could not be located about the building, a still alarm was sent in. The fire and police patrol responded.

Clives Invocation: Rev. E. L. Eaton, now of Illinois, and formerly pastor of the Janesville Methodist church, delivered the opening invocation at the national prohibition convention at Columbus today. Rev. E. L. Eaton was once owner of the Eaton farm in this city and ran for governor of Wisconsin on the prohibition ticket three years ago.

English Suffragists

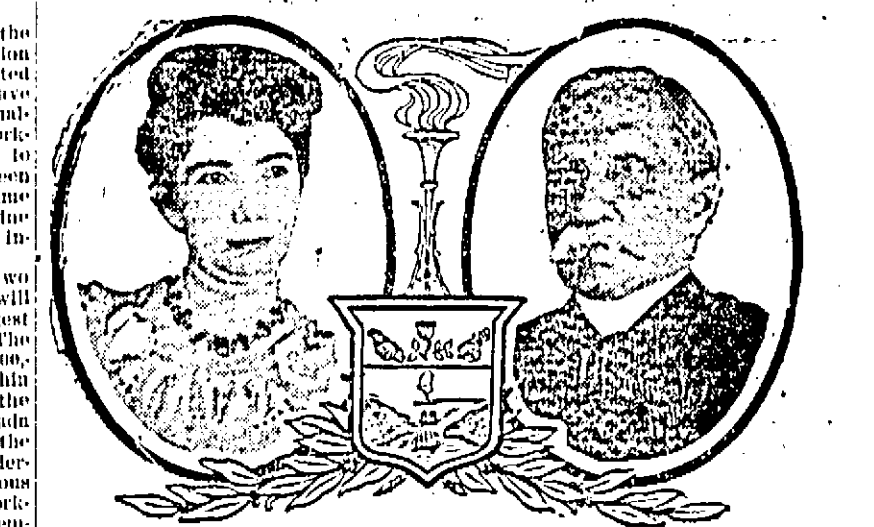

Mrs. Cobden Sanderson at Left; Mrs. Carry Catt at Right; Scene in London When One of the Suffragettes Is Being Taken to the Police Station.

London, July 15.—It is hard to realize the magnitude to which the movement for equal suffrage has developed in England and over the world. The demonstration of last week in which over 50,000 women participated, showed clearly their strength in numbers, and now they are preparing to completely surround the parliament building with at least 100,000 women, to show their strength to Premier Asquith in order to bring pressure on parliament to secure their demands. Mrs. Cobden Sanderson, who lately visited America, has been very prominent in directing the movements. Mrs. Carrie Chapman Catt, president of the International Suffrage alliance, an organization representing the women of 13 nations who are struggling to obtain the legal right of vote, is another international character among suffragettes.

In London the demonstrations have at times come very near to being riots and the arrests made by the police only tend to strengthen the hold of the suffragettes on the people. One unique plan to prevent arrest was utilized when one of the women fastened a chain around her waist and pulled herself to the bars of the fence near the parliament building. When she was arrested it was impossible to unlock her from the fence, so she was not taken to police headquarters that day.

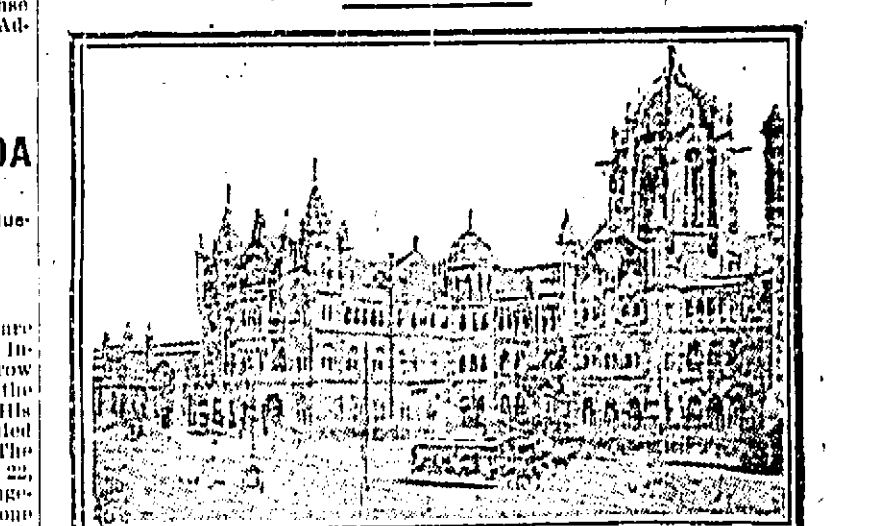

The suffragettes are gaining ground rapidly in England and their influence was strongly felt during the last elections. Many prominent women took the stump for or against certain men and the efficiency of their work was felt in all quarters of England.

New President of Panama

The little republic of Panama has interested the United States and especially during the last election, when the navy department ordered boats and machines to this republic to assist in preventing any illegitimate voting. The result of the election, the validity of which is without question, was the selection of Don Domingo De Obaldia for president of the republic.

Depot at Bombay

London, July 15.—England is improving with India toward the latter's internal improvement. With this in view the government has just issued white paper and after a thorough inquiry has recommended the annual expenditure on railway construction and developments in India equal to \$500,000 in the next eight years.

India's railway facilities are way ahead of most European or Asiatic countries. The terminus known as Victoria station at Bombay, is one of the finest railway stations in the world. It is built in the Italian-Gothic style, with oriental modifications in the style of the domes. The cost of this station alone was \$1,500,000. There is much sculpture in its ornamentation and the artistic effect is very impressive.

It is undoubtedly true that England has in mind her own fortification, as well as the internal improvement of India, in assisting in this development of the interior. It is very evident that with thorough railway service troops will be more readily and easily transported from one point to another in this immense country.

Lawn Party: Miss Grace Valentine entertained a number of young ladies at a lawn party this afternoon in honor of Miss Margaret Jackson, who is to be married on August 4th to Dr. Walter Darling of Crystal Falls, Mich.

Odd Fellows' Picnic: Boats will leave at 10, 11:30 and 1:30 for Crystal Springs on Thursday, the date set for the big hickory-pickle to be given under the auspices of Wisconsin Lodge No. 14 and Janesville Lodge No. 90, I. O. O. F., and the two Rebekah lodges.

Threw Rocks on Lawn: In response to a complaint from William Ward to the effect that several boys were maliciously throwing rocks on his lawn and hay-field in order to ruin his mowing implements, a coterie of officers journeyed to the corner of Prairie and St. Mary's avenues in the patrol wagon last evening. The boys apparently seemed danger from afar as they were nowhere to be found when the search for them began.

Half-Witted Man Released: At the St. Paul depot last evening Officer Dalton arrested a fisherman from Rockton who persisted in trying to board the head end of outgoing passenger trains. At the police station the man said he was trying to get to Stoughton and exhibited several leaves of bread which he had purchased in Beloit for sustenance on the journey. He was released this morning with strict orders to "scratch gravel" for some more friendly pilot.

Otis Walkley Fined: Otis Walkley at first pleaded not guilty to the charge of applying foul and abusive epithets to Mrs. John Millay, but later reconsidered this action and admitted his guilt. A fine and costs amounting to \$1.10 were assessed against him and his patron and employer, Jan Millay, agreed to pay the same next Monday. With this understanding the case was adjourned one week and Walkley was allowed to go his way, with strict admonitions to let the booze alone for a while at least.

Punished for Drunkenness: Stephen Caniff of Milton Junction pleaded guilty to a charge of drunkenness before Judge Fildes this morning and was fined \$2 and costs. He did not have the money on his person but agreed to send it in. Frank Jankee, who alleged that he was well known as "Yank do Kid," put of "Lone Shoe from do North" was also fined \$2 and costs but subsequently given a "time pass."

Gruesome Suicide in Pennsylvania.
Punxsutawney, Pa., July 15.—After driving his wife from the house and then sending his two children to her with \$1,500 in cash and the deed to his property, Stephen Joseph, a foreign store proprietor of Wisnaw, near here, Tuesday saturated his bed with kerosene, set it afire and crawling under it, fired three bullets into his head, dying almost instantly. It is said Joseph was extremely jealous of his wife.

NATURE SPARES

The Stricken Rose From Grief.
What a fortunate provision of nature it is, that deprives the rose of its suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a calibrator had at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by, fulling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Nowhere is this germ absolutely destroyed this germ, thus permitting the hair to grow as nature intended. Held by leading druggists. Send 10c. in stamps for sample to The Herpicole Co., Detroit, Mich.

SHRINERS' PARADE IS SPECTACULAR

ARAB PATROLS AND BANDS IN LINE ON ST. PAUL STREETS.

CONCLAVE IS WELCOMED

Elks in Convention at Dallas, Tex., Elect R. L. Holland of Colorado Grand Exalted Ruler.

St. Paul, Minn., July 15.—The principal session of the Imperial Council of the Ancient Arabic Order of the Mystic Shrine will be held Wednesday, when officers will be elected and the place for the meeting of 1909 selected. So far as the popular interest was concerned, the big event of Tuesday was the parade in the morning from the Ryan hotel to the Auditorium, where the council session was held, the breaking of ground for the new Masonic temple to be erected in St. Paul, the banquet at the Auditorium in the afternoon, and the electrical parade at night.

Open Meeting with Speeches. The executive session of the Imperial council was preceded by an open meeting at which addresses of welcome were delivered by Mayor Daniel W. Lawler of St. Paul, Frank A. Day, private secretary to Gov. Johnson, who spoke for the chief executive of the state, and by E. H. Byggert, a member of Osmun temple, St. Paul. Responses were made by William U. Bell of Winnipeg, who spoke for the late past Imperial potentate, Henry A. Collins of Toronto, and by Charles H. Pullen, potentate of Anzelm temple, Mexico City.

A living flag, composed of 200 school children, occupied the stage and sang several numbers.

Parade Is Spectacular.

In the parade were 36 Arab patrols, and 24 uniformed bands. The largest band was that of Lulu temple, Philadelphia, which was composed of 65 pieces. The Toronto temple, headed by a band dressed as Scotch Highlanders, made a novel showing; and the Saladin patrol of Grand Rapids, Mich., was accompanied by the Newboys' band of that city. Mollie patrol, St. Joseph, Mo., was accompanied by a carriage drawn by two camels.

Work in behalf of candidates for office was active among the shriners, but if precedent is adhered to, only one place will be open to the field. It is the custom to advance to the office of Imperial potentate the Imperial deputy potentate. If this custom is followed, Edwin I. Alderman of Marlon, Ia., will be made Imperial potentate in succession to Frank C. Roundy, who will become past Imperial potentate. The officers below Imperial potentate will each be advanced a step and a contest will be open only to candidates for the lowest office, Imperial outer guard.

Wednesday morning the exhibition drills by the Arab patrols began at Lexington hall park. Thirty-six patrols have been entered for this contest.

In the afternoon all the shriners will attend the automobile races at Hapline track.

Elks Elect Colorado Man.

Dallas, Tex., July 15.—The national convention of the Benevolent Protective Order of Elks Tuesday elected these officers:

Grand exalted ruler, Hush L. Holland, Colorado Springs, Col.; grand exalted leading knight, John G. Shea, Hartford, Conn.; grand exalted loyal knight, A. M. McElwain, Fort Worth, Tex.; grand exalted lecturing knight, Warren G. Sayre, Wabash, Ind.; grand treasurer, Edward Leach, New York; grand tiler, Charles B. Decker, Minnesota; grand trustee, Alfred T. Holley, Hackensack, N. J.; grand secretary, Fred C. Robinson, Duquesne, Pa.; grand inner guard, A. M. Taylor, St. Augustine, Fla.

The selection of the 1909 convention city was hotly contested by Los Angeles, Cal., and Detroit, Mich., the former winning by a fair sized majority.

JAPAN'S FRIENDSHIP SINCERE.

So Declares Ambassador O'Brien, Just Returned from Tokyo.

San Francisco, July 15.—Thomas O'Brien, the American ambassador to Japan, arrived here Tuesday from Tokyo on the Pacific mail liner Korea. He is on a leave of absence to attend to some business matters in Europe. He will leave for the east Thursday morning, stopping a week at his home in Grand Rapids, Mich., and then proceed to New York.

In an interview Ambassador O'Brien said that any suspicion that might be harbored in this country in regard to Japan's sincerity in maintaining peace with the United States and in its expressions of unity and good will was without any cause or ground to justify it.

Led Killed by His Playmate.

Minneapolis, Minn., July 15.—Dwight Baldwin, 13 years old, son of Dwight H. Baldwin, Jr., was accidentally shot and instantly killed by Earl Tullian, a playmate, from St. Louis, Mo., at the summer homes of the families at Cottagewood lake, Minnetonka.

R. H. PATTON IN THE CHAIR

ILLINOIS MAN PRESIDES OVER NATIONAL "DRY" CONVENTION.

Prohibitionists Begin Proceedings at Columbus—A. S. Watkins Heads Their Ohio State Ticket.

Columbus, O., July 15.—Robert H. Patton of Springfield, Ill., author of the Illinois local option law, sounded the keynote at the opening session of the national prohibition convention Wednesday morning in Memorial hall. He was chosen temporary chairman Tuesday afternoon by the national committee over William P. F. Ferguson of Chicago, editor of the National Prohibitionist.

Mr. Patton is a well-known attorney of Springfield and is rated one of the most eloquent orators in the party. David B. McCalmont of Franklin, Pa., was the unanimous choice of the committee for temporary secretary. His assistants are Edward W. Clark of Indianapolis, editor of the Patriot Herald; Mrs. Frances E. Beauchamp of Lexington, Ky., and Theodore E. Ostland of North Dakota.

The name of Mrs. Beauchamp was presented by Mrs. Charlton Edholm Sibley of Tucson, Ariz., who sat as a member of the national committee by holding a proxy from a member who failed to come. She sat beside her husband, Col. Sibley, who is one of the party's noted orators and a candidate for high honors at the hand of the convention. Rev. Robert Arthur Elwood of Leavenworth, Kan.; Rev. H. A. Thompson of Dayton; Dr. A. George Bassett; Rev. D. W. Cox, Wisconsin; Dr. C. A. Mead, New York; J. L. Pickett of Kentucky were elected as chaplains.

When National Chairman Charles R. Jones announced that Mayor Bond and Prof. A. S. Watkins of Ada, O., would deliver addresses of welcome to the convention and called for nominations for an orator to make the response, the only man nominated was W. P. F. Ferguson.

The Ohio prohibition Tuesday nominated this ticket: Governor, Aaron S. Watkins, Ada, O.; lieutenant governor, J. D. Martin, Hamilton county; secretary of state, H. J. Haskell, Muskingum county; auditor, James R. Stratton, Columbiana county; treasurer, J. H. Ford, Portage county.

Woman's suffrage, which has come to be regarded as a tenet of the party, was sidetracked by an overwhelming vote, when the platform was adopted.

STORM BREAKS HOT SPELL.

Lightning, Hail and Rain Bring Relief to Gotham.

New York, July 15.—The tropical heat spell which enveloped New York for nearly three weeks, killing over three score of persons and prostrating hundreds, was broken Tuesday when a severe electrical storm, accompanied by hail and rain, swept over the city. Four persons died Tuesday as a result of the heat before the storm came. The temperature dropped 20 degrees within a few minutes after the storm broke, touching 71 degrees.

The whole city was wrapped in darkness by heavy black clouds during the storm and lightning played incessantly. One bolt struck and set fire to the five-story brick factory of the Greenpoint Metallic Paint company in Williamsburg, and burned it to the ground. There was a panic among the employees, and several were hurt. One of the commissary buildings in the New York navy yard was struck by lightning and set afire. The navy yard fire apparatus quenched the flames. Lightning struck the Hotel Rembrandt in Amsterdam avenue, disabling the electrical light system and injuring two men.

NATIONAL BANK IS CLOSED.

Philadelphia Concern Did Not Observe the Reserve Requirements.

Philadelphia, July 15.—The National Deposit bank of this city, organized three years ago, was closed Tuesday by order of the comptroller of the currency at Washington. Milton C. Elliott of Washington was appointed receiver.

The suspension resulted from an exhaustive examination of its affairs by William M. Hardt, a national bank examiner. Pending the arrival of Receiver Elliott, Mr. Hardt would not make a statement, but from authentic sources it is learned that the cause of the bank's enforced suspension was its lack of the required reserve of 25 per cent. of its deposits.

Bomb Outrage Is Foiled.

New York, July 15.—Fifty or more persons asleep in a tenement house in East Eleventh street shortly before midnight were saved from possible death by detectives who caught an alleged member of the Black Hand putting a lighted match to a dynamite bomb in the hallway of the building.

Manager of Failed Bank Arrested. Beatrice, Neb., July 15.—Charles M. Chamberlain, former manager of the Chamberlain bank of Tecumseh, which failed, was arrested and brought to Beatrice Tuesday to answer to two indictments charging him with receiving deposits after the bank was insolvent.

Fatal Fire in La Crosse.

La Crosse, Wis., July 15.—Mrs. Catherine Bruha, aged 75, and her grandson, aged 14, were probably fatally burned in mysterious explosion which wrecked and burned a store house back of their store. Anton Bruha, father of the boy, was seriously burned.

The Worth of Gold.

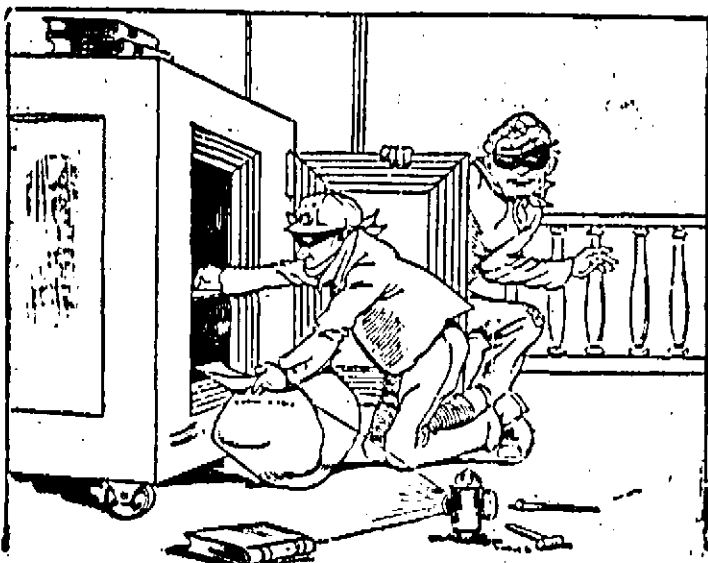

Writes one to the Times: "Gold regulates the price of everything—what regulates the price of gold?" Why, everything, of course.

RIPPLES OF MIRTH

HER CHOICE.

Mother—Jane you must choose between the two. Will you marry the man who loves you or the man who can dress you?
Daughter—Mamma, as up-to-date girl, I must reply to your question that, although love is a very desirable thing, clothes are an absolute necessity.

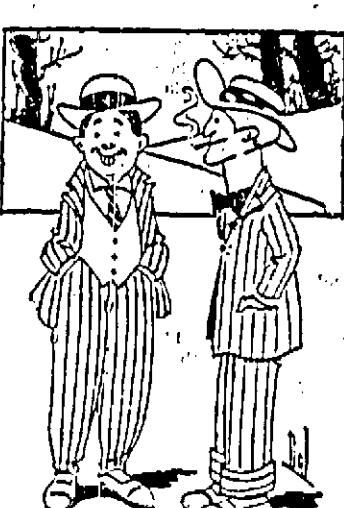

A WORD TO THE WISE.

First Burglar—Hark! I hear some one talking.
Second Burglar—What's he sayin' g?
First Burglar—That he will never bet on another horse as long as he lives.
Second Burglar—Let's get out of this. No money here; he's lost every cent.

A GOOD SCHEME.

Mrs. Skimm—What! You don't mean that you have tender young chickens to serve to boarders?
Mrs. Grubbs—Well it takes their breath away, and they can eat nothing.

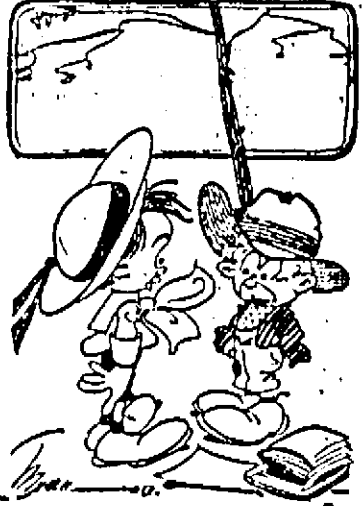

GOOD.

Carlton—How did you enjoy yourself at Mrs. Hamilton's last evening?
Cynicus—First rate. There wasn't a song or recitation sprung on us during the entire evening.

SUCCESSFUL.

"We had mindreading at our house last night. Jonny hid a pin and papa tried to find it."
"Did he succeed?"
"Yes. He found it the moment he sat down."

DIFFERENT.

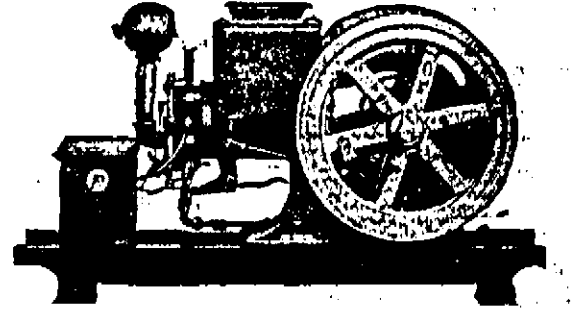

First Kid—Your folks ain't as rich as mine. My father and mother go driving every day.
Second Kid—My father drives every day too.
First Kid—I don't believe it! What does he drive?
Second Kid—Nails.

WHY HE CHANGED HIS WILL.

Uncle—Well, Tommy, and why do you want to be rich?
Tommy—Because I want to be potted and mamma says you're an old fool, but must be potted because you are rich—but it's a great secret and I mustn't tell!

OLIVER P. SMITH GONE TO REWARD

COUNTY TREASURER SUCCUMBED TO LINGERING ILLNESS.
AT 2:45 THIS AFTERNOON

His Son, Roy Smith, Who Has Been Acting as Deputy Will Probably Fill the Unexpired Term.

County Treasurer Oliver P. Smith, who had been a sufferer with cancer of the stomach for many months, and who had been delirious for some days past, died at his home in Beloit at 2:45 this afternoon. He was born on a farm near East Troy and had lived in Rock county most of his life. Before becoming treasurer of Rock county, he was city treasurer of Beloit. His grain business at Shoppers was disposed of only a few weeks ago.

Mr. Smith was about seventy years of age at the time of his death. His kindly, genial disposition made the nearest acquaintances his friends. He was a member of the Modern Woodmen of the World order, a wife and two children, Deputy County Treasurer Roy Smith and Miss Nellie Smith, survive him. Funeral arrangements have not yet been made.

According to District Attorney J. L. Fisher, no special election will be necessary to fill the vacancy in office. The deputy will serve until such time as the county board may assemble, in accordance with Sec. 712 of the Revised Statutes of 1898, to fill the office for the unexpired term. If such special election is called, Roy Smith will undoubtedly be delegated to perform the duties until after the next election.

Mrs. Fred Kilmer, Word was received this morning by Atina friends of the death of Mrs. Fred Kilmer at the home of her daughter, Mrs. H. C. Nott, of Scranton, Pa. Mrs. Kilmer, who was eighty years old at the time of her death, was the widow of the late James Kilmer of the town of Rock. The funeral will be held at Atina some time on Saturday.

TO RETAIN CHEMIST IN THE NELSON CASE

Authorities May Possibly Commission Prof. E. C. Smith of Beloit College to Make Investigation.

Late yesterday afternoon Lawrence Nelson appeared in municipal court and entered a plea of "not guilty" to the charge of assault and battery which had been preferred against him. His preliminary examination was set for Thursday morning at ten o'clock and being unable to furnish \$500 bail bonds, he will spend the intervening time in the county jail.

The case of Nelson, Adams & Heider has been retained in the best of the instance of District Attorney J. L. Fisher the substance in the indictment of the alibi which contained the water which Nelson gave his wife to drink, as well as the vomit afterwards ejected from the stomach, may possibly be analyzed by Prof. E. C. Smith, and if evidence of poison are found, the charge against Nelson will be changed to a much more serious one. However, Dr. Charles Sutherland, who was the first physician summoned Monday evening, is very positive that the woman was merely suffering from hysteria. None of her symptoms corresponded to those produced by any known poison. Dr. M. A. Cunningham is said to concur in this opinion.

Have Confidence, Says Bob Ganley.
 "The most essential thing in the makeup of a good baseball player is confidence in himself, and the first indication that he possesses confidence is shown when he is not afraid to take a strike at the plate," remarked Bob Ganley of the Washington Americans recently.

"There are some players who dread to strike out. They don't care if they do not get a hit just so they hit the ball somewhere, but they consider a strikeout a humiliation, and that is why you find so many players going after the first ball pitched."

"Any time a team is going after the first one the pitcher on the other side is having an easy time of it. He does not have to work much, for in some innings he will rethrow the side on three or four pitched balls. If every man that faces a pitcher makes him work, the strain soon begins to tell. Of course it is policy occasionally to take a crack at that first ball, for if the pitcher is continually putting that first one over he has an advantage."

WE'VE GOT TO CUT PRICES

It doesn't require a stretch of imagination to get to the fact that we are bent on getting rid of our summer suits. Letting you in on the good things at 25 per cent off, this early in July, is a loss penalty a store like this must stand because it won't "carry over stock."
